PROFILE

Results-driven Software Developer with a strong foundation in Java, SQL and frontend technologies. Skilled in full-stack development, problem-solving, and building scalable applications. Passionate about delivering high-performing and maintainable software solutions.

SKILLS

Programming Languages

Java, SQL

Web Technologies

HTML, CSS, JavaScript

Frameworks & Libraries

ReactJS, Bootstrap, Tailwind CSS

Version Control

Git, GitHub

Soft Skills

Problem-solving, Analytical and Debugging Skills, Effective Communication, Teamwork

Databases

MySQL, MongoDB

INTERNSHIP EXPERIENCE

Full-Stack Developer Intern - Besant Technologies, June 2024 – Present

- Developed responsive and interactive user interfaces using HTML, CSS, and JavaScript to enhance user engagement.
- Built and maintained full-stack applications by integrating ReactJS on the frontend with Java-based backend services.
- Improved application performance by optimizing MySQL queries, resulting in faster data retrieval and reduced response times.

EDUCATION

U.G - B.E. Computer Science and Engineering, Dr. Sivanthi Aditanar College of Engineering
CGPA: 7.98

2020 – 2024
Tiruchendur

HSC, Sokkalal Higher Secondary School
Percentage: 66.2%

2019 – 2020
Mukkudal, Tirunelveli

SSLC, Sokkalal Higher Secondary School
Percentage: 85.8%

2017 – 2018
Mukkudal, Tirunelveli

PROJECTS

Job Management Admin Interface - Web Application [🔗](#)

- Developed a job portal using the MERN stack, enabling admins to create, manage, and filter job postings efficiently.
- Implemented an interactive Job List page with filters for title, location, job type, and salary range using React components.
- Created a Job Creation page with React Hook Form and integrated Express.js and MongoDB APIs for seamless CRUD operations.

BikeMatch Pro - Web Application [🔗](#)

- Built the backend of a bike recommendation platform using Java, Spring Boot, and MySQL to match users based on preferences.
- Designed scalable RESTful APIs and ensured efficient data flow between services and the database.
- Optimized backend performance and improved data consistency through effective query structuring and system architecture.

Zentry - Web Application [🔗](#)

- Designed a sleek, minimalist user interface using React and Tailwind CSS to deliver a clean and distraction-free experience.
- Implemented smooth UI animations and responsive layouts for consistent performance across devices.
- Focused on delivering a modern, accessible frontend with reusable components and optimized styling strategies.

CERTIFICATES

• Java Full-Stack Development - Besant Technologies

• Complete Web & Mobile Designer (UI/UX) – Udemy
